

Hand Reading for Love, Health and Fortune: The Simple Secrets of Palmistry that are Hidden in Plain Sight

For thousands of years the hand has been studied and learned from. Its shape, structure and lines are a map to the subconscious mind of their owner and if these aspects are understood so is the owner of the hand. By learning this science no truth can be hidden, no lie concealed. The future becomes as apparent as the past and insight into the present becomes a simple thing.
