

Simple Ways to De-Stress: Simple Ways to Relax and Enjoy Life

Stress can occur at any age, old and young, any race, any religion and whatever your sexual orientation is. Stress isn't someone who is seen to be weak and it doesn't matter if you class yourself as rich or poor. Stress happens in everyday life, it's how we deal with it that matters. What this book will help you do, is suggest ways in which to de-stress. These are things that worked for me. They may not all necessarily work for you. However, I would recommend that you try at least two and incorporate them into your daily routine. Stress can be avoided and should be avoided if possible. What Is Stress? That lump in your throat that upset stomach feeling, hands begin to tremor, your heart is beating fast. These are all signs of stress but they can also be other things, things such as anxiety, fear, panic, and all of those combined could also cause anticipation. Small levels of stress are good for you. It helps enhance two chemicals which are produced in the human body. Adrenaline and Cortisol. Though I would state if you suffer from any of these and don't feel it is stress related or an immense amount, I would ask that you seek medical advice.
