

From a Grandmothers Heart: 50 Reflections on Living Well for My Grandchild

Grandmothers are afforded the great privilege of speaking wisdom into the lives of their grandchildren without the disadvantage of being a disciplinarian, as a parent would be. From a Grandmothers Heart features the unique blend of advice, lightheartedness, and love that only a grandmother can offer. Meditations on subjects such as truth, character, standing up to a bully, respecting parents, and responsibility fill the pages of this stunning photo essay. The From the Heart Series is handsomely designed with unique four-color design and stunning duotone photography, giving the books a soft, ethereal feel. Each of the fifty emotive meditations communicates universal sentiments and experiences, focusing on a specific relationship, and includes an inspiring quotation or Scripture verse. Other books in this series include From a Friends Heart and From a Daughters Heart to Her Mom.
