

Green Runa, The Runemasters Notebook: Shorter Works of Edred Thorsson Volume I (1978-1985)

This is an anthology of shorter works written by Edred Thorsson for various Asatradinist and Rune-Gild publications from the late 1970s to the early 1980s. Many of these essays have become classics, and include the first introduction of the Odinist world to the ritual known as the symbol. Contains material previously unavailable to the general public on matters of runelore and Germanic religion. Includes a short biography of Edred by James A. Chisholm.
