

Leveraging Lincoln: A Civil War Novel (The Liberator Series) (Volume 1)

All we have to do is kidnap their President...Four years of war have reduced the South to near annihilation. Homes lay smoldering and men become desperate. Amid the shadows of fear, a clandestine group waits for an opportunity to change the course of history. Harlot, liar, spy... On the threshold of losing her plantation, Annabelle Ross finds a cryptic letter on a dying soldier and seizes the opportunity to get out a message of her own. She never dreamed her plan would brand her a suspected spy... or worse, an unwilling conspirator. Deserter, traitor, accomplice... When Matthew Daniels's brother is taken captive, he finds himself caught up in a plot to gain leverage on the Union. The lines are drawn in blood, and the risk is there for the taking. But will his reckless gamble cost him the woman he had determined not to love? She wants to save her home. He wants to save his brother. Together, they may just save a nation. Part one of the Liberator Series, a trilogy following the adventures and romance of Annabelle Ross and Matthew Daniels as they play a part in the dramatic conclusion of Abraham Lincoln's life.
