

A Grasp On Reality: Breaking It Down for Our Teens

True joy and happiness comes when you follow after God and put Him first! Every teenager is faced with the ups and downs of life. That's called challenges! This is a great conversational book on how to deal with these challenges from the book of Proverbs. This book has the key elements on how to start living a healthy and successful life right now! Knowledge can help you pass tests and accomplish tasks, but common sense and spiritual wisdom will guide you through the most important decisions in your life: The ways of a fool and the wise. How to fight immorality and sexual sin. What God requires of you. How wisdom will guide you through life. How to accomplish tasks. How to live a healthy and successful life. God and I really want you to live your best life now! To understand your purpose and to get empowered. You make the choices in your life, do you want to choose life or death? Well, God wants you to choose life and so do I.
