

A Plain Malice: An Appleseed Creek Mystery

Flower has hit it out of the ballpark with this series and continues to amaze with her knowledge of the Amish way of life.- 4 1/2 stars Top Pick RT Book Reviews about A Plain Disappearance The Amish community in Appleseed Creeks new bishop believes the best way to help his district in the struggling economy is to increase tourism. He invites Blue Suede Tours from Mississippi to visit the community and asks his district to host the southern visitors. The Troyer family agrees to participate in the tour with an old-fashioned milking demonstration on the familys dairy farm. But when two Mississippians die during the milk taste test, the local police chief believes someone poisoned them, and Timothy Troyers father is her number suspect. Computer whiz, Chloe Humphrey, jumps onto the tour bus as an undercover tour guide in order to prove her boyfriends father is innocent despite the Troyer familys reservations about her and Timothys relationship. If they solve crime, will Chloe and Timothy finally prove that they belong together or will the investigation be the final act to tear them apart?
