

E-Mail and The Internet for Grannies (Teacher Talking; The Classroom in a Book)

An excellent book for people with limited or no email and internet experience. This book was written for those who need a clear and effective approach to the basics of computer learning. The language is intentionally aimed at the beginner. Concepts and procedures are presented in a logical, simple manner. Years of proven success in the classroom from the foundation of the techniques offered here. Many beginners face fear and frustration when they enter the world of computers. The author makes the journey both comfortable and exiting.
