

Adobe Photoshop CS Down & Dirty Tricks

Bestselling author Scott Kelby (Editor of Photoshop User magazine) is back with an amazing new collection of Photoshop Down and Dirty Tricks, including how to create the same exact effects you see every day in magazines, on TV, at the movies, and on the Web. Its more of those eye-popping, jaw-dropping special effects that made Scotts previous version an award-winning worldwide smash hit! But this isnt just an update to his previous book--these are 100% ALL NEW EFFECTS from cover-to-cover to reflect the latest trends in Photoshop special effects and design. These are nothing but todays real world techniques--the same ones you see used by leading Photoshop photographers, designers, and special effect masters, and its all here in the only book of its kind. Youll learn the most closely guarded inside secrets for creating the latest cutting-edge effects, including techniques that have never been revealed before anywhere! And the book is written so clearly, and is so easy to follow, that youll be able to create every one of these amazing effects yourself. Youll learn:

- Tricks professional photographers use to show off their work
- The most popular effects used by the big Hollywood studios
- The latest cutting-edge photographic special effects
- How to fake all kinds of studio shots (youll be amazed how its done!)
- The type effects that are most in demand by clients
- How to get stunning 3D effects without using a 3D program
- How to turn simple snapshots into museum quality gallery prints
- The most asked for new Web effects
- Plus loads of advanced effects that look hard, but are easy, once you know the secrets

But Down and Dirty tricks is more than just a just an effects book--its a tips book too, because on every page Scott includes a cool tip, a quick trick, or a timesaving shortcut, making this an invaluable productivity tool too! Plus the whole book is packed

with design techniques, creative ideas and stunning layouts that will help you unleash your own creativity. Its all here-- Just the funk and not the junk and if youre into Photoshop, youre absolutely gonna love it!
