

Adventures of Jake #1

Jake is a pretty typical college student. He studies a lot, works two jobs and would like to find the right guy to share it all with. Work and love collide when the man he has had a crush on comes into the comic book store where he works looking for a birthday present. They run into each other again at a birthday party where Jake has been hired to entertain kids wearing a superhero costume. Will Jake's love of comics and superheroes get in the way of winning Michael's heart? Or is Michael looking for a super man to put some fire into his life?
