

Alice and the Wandering Wizard, an erotic fantasy

Princess Alice is bored of the safe confines of her every day kingdom. When she tries to throw herself from the highest tower, she is inexplicably stopped at the final moment by a mysterious wizard with insatiable needs. Will Alice accept the wizard's challenge to choose her own king? This is another weird A. Violet End story, wholly original. It probably doesn't end how you think it will. If you enjoy A. Violet End this is the story for you. If you've never read this author you should click the Look Inside feature first to see if it's the kind of story you'd like. As always, this is intended for a mature audience and shouldn't be read aloud to children. Feel free to read your favorite parts to your lover, though.
