

Diaper Duo - Volume 3 (ABDL, Age Play, Regression, Submissive Erotica)

Get two books of the hottest diaper play erotica for the price of one! Here you'll find two stories of young adults that like to be treated like babies in every way, complete with diapers and nice and meaty pacifiers. Sometimes, being treated like a baby is more than just comforting... it's sexy. So come on in for some adult baby love, we'll save the dirty diapers for you! Inside Volume 3, you'll find these two stories: Diapering Dakota When Dakota starts complaining about how she's tired of having to make decisions for everyone, including herself, her fiancé Eric takes that as a challenge. When she wakes up from an afternoon nap, he's ready with a diaper and pacifier in hand, waiting to take away all control and treat her like the baby she doesn't even know she wants to be. Will Dakota go along with this, and where will this type of role playing lead? Babysitting a Big Boy When Olivia answers an ad for a babysitter that paid \$500 a night, she knew there had to be a catch. The last thing she expected, however, was that her employer Jonathan wasn't hiring her for a child, but for himself. The only way he could get off was by regressing into his childhood and acting like a baby, and he needed someone to babysit him while he did. Although he warns her that this sort of thing is a turn on for him, he makes it clear that she doesn't have to do anything about that. Unless she's interested in earning a little bonus...
