

Ridiculous Situations: Girl You Can Do Better

As women, we have the gift of talk. We share our highs and lows, our ups and our downs, and we love to discuss relationship issues about men. In the book, *Ridiculous Situations*, the author Raina Shaw explores various topics that women fall into that are not sensible and are outrageous when it comes to the opposite sex. Although Ms. Shaw is writing in the third person, the reader will experience a feeling of having girl talk on the phone, at a ladies night out with friends, a gathering of women in their home or having a heated discussion at their local beauty shop with other opinionated females. In other words, as one reads through the pages of the book, it becomes personal. Whether married or single, young or old, we all have found ourselves in some shady and ridiculous situations or we know someone who has been or is in some kind of a predicament with a man. Raina provides at the end of each chapter, a Lets Talk section. This part of the book opens up dialogue between the writer and the reader with questions for the reader to examine their actions in these scenarios and encouragement to alter their behaviors. Along with the inquiries at the end of each chapter, Ms. Shaw writes a section that provides information that inspires women to take responsibility for their conduct in relationships. There are some surprises that will reach into the core of the readers heart.

At the end of this keeping it real conversation with the author, the reader will receive biblical guidance and nourishment that they can feed on daily to help them in their daily journey.
