

TLC for Teenagers & their Parents: Inspirational Quotes, Poetry, Touching Stories

Teenage years represent the most challenging and trying period of most peoples lives. And tender loving care is often the ingredient missing when teens think about their happiness. Imagine the opportunity for teenagers to work through their problems, if only they could understand the value of compassion. As a mother of a teenage daughter, the author, Yvonne Kamerling, is in a unique position to use her creativity and insight to help teens find true happiness. She has also helped teenagers learn to get along and help one another. The purpose of this book is to open up their hearts. It is a book of inspirational quotes and poems to impel them to see life from a higher perspective. Again, imagine how different their lives could be if they infuse this component into their everyday existence. And imagine how happy their parents could be! God has truly blessed Yvonne in her work and beautiful writings, and in her future success. Her book, TLC for Teenagers & their Parents, is a wonderful guide of compassion and inspirational life lessons. Tim Janis -inspirational musician ... WLIW 21 TV, Lincoln Center, New York
