

The Assembly Room

The ghosts of *The Assembly Room* have been waiting for someone to unlock their secrets, and Merryn Stearne has arrived. For 14 year old Merryn, the future should have been perfect - a new home in the idyllic Suffolk countryside and romance with the gorgeous boy next door, Jamie. If only the past would stop interfering with the present. Dreams of medieval witchcraft trials become terrifyingly real and Merryn realises there is a mystery to be solved. With Jamies help, she uncovers the truth about her ancestors role in the Suffolk witch hunts of 1645. But can they stop the curse that threatens to ruin the Stearne family once again, or are the forces of the past too strong?
