

His Collared Pet (Stories of Bondage and Submission)

Erin was easily flustered in social situations. She never knew what to say or do, and was not a very brave girl. Paul was the exact opposite: an A-type personality who knew what he wanted and would brook no argument. And so Erin became his pet, collared, crawling, cared for, loved, but mastered. She never spoke, so she didn't have to worry about what to say. She didn't have to worry about making decisions, either. Paul would do that. Of course his discipline was stern, but in that she found a strange fulfillment.
