

## Lair of Dreams: A Diviners Novel (The Diviners)

The longing of dreams draws the dead, and this city holds many dreams. After a supernatural showdown with a serial killer, Evie O'Neill has outed herself as a Diviner. With her uncanny ability to read people's secrets, she's become a media darling, and earned the title America's Sweetheart Seer. Everyone is in love with the city's newest It Girl...everyone except the other Diviners. Piano-playing Henry Dubois and Chinatown resident Ling Chan are two Diviners struggling to keep their powers a secret--for they can walk in dreams. And while Evie is living the high life, victims of a mysterious sleeping sickness are turning up across New York City. As Henry searches for a lost love and Ling strives to succeed in a world that shuns her, a malevolent force infects their dreams. And at the edges of it all lurks a man in a stovepipe hat who has plans that extend farther than anyone can guess....As the sickness spreads, can the Diviners descend into the dreamworld to save the city? In this heart-stopping sequel to *The Diviners*, Printz Award-winning and New York Times bestselling author Libba Bray takes readers deeper into the mystical underbelly of New York City.
