

The Haunting of Springett Hall

Winner of the 2015 Gold Quill for best young adult fiction from the League of Utah Writers. Eighteen-year-old Lucy doesn't know how she became a ghost, but the more she remembers of her life in Victorian England, the more she wants to forget. Her only hope of changing the mistakes of her past is to enlist the help of a servant named Philip - the one living person who can see her. This impossible romance story is filled with delightful period detail and plenty of mystery.
