

Bred By The Bear (Gay First Time, Anal M/m Sex)

Jerry lives a quiet life in the suburbs with his wife. Nothing too exciting happens till one day when the next house over is finally bought. Excited by the prospect of having new neighbors, Jerry welcomes Mitch, the large friendly man who moves in. When Jerry learns that Mitch is into men, he finds himself unable to keep from watching Mitch through his window, confused at how turned on he gets seeing his giant neighbor playing with his boy toys. Jerry finds himself wondering what it must feel like to be used by a giant man like that. After Mitch catches him watching, Jerry might just find out...EXCERPT: Once the pizza was in the oven and the bake timer was set, the tone between the two men changed immediately. Mitch started to take a more aggressive tone with the young man. The younger guy stopped speaking, and assumed a very stiff stance and lowered his eyes to the floor. Mitch walked across the room. He stood directly in front of the younger man and stared down at him. He spoke and the young man looked up at him and said something in response. Mitch slapped the boy hard and the boy dropped his eyes back down to the floor. Mitch said something else and the boy shook his head yes and lowered himself down to his knees in the middle of the floor. Mitch opened his pants revealing the tighty-whites that he was wearing underneath. He pulled the waistband down and hooked it behind his massive balls. His giant cock was rigid and the boy took it into his mouth and started to suck on it with a passion. Mitch's hands went to the sides of the boy's head and started to face fuck him with a long and steady stroke. Jerry started to feel his own organ growing rigid in his pants and his hand inadvertently moved down to lower the zipper of his khakis. His hand moved inside as he watched Mitch use the younger man's mouth for his pleasure. His fingers started to graze across the shaft of his cock

which was throbbing beneath the fabric of his blue and white striped boxer shorts. After several minutes of Mitch using the mans mouth he pulled out of it and picked the guy up by his underarm. He said something and the younger man dropped his pants and pushed his boxers down to his ankles. Mitch grabbed him by the back of his neck and pushed him over the edge of the kitchen island. He grabbed a small glass bottle from the counter, which looked like it contained olive oil. He poured a generous amount of the oil onto his massive member and put it back down. He lined up his tool with the frat boys asshole and pushed it in with one hard fast stroke. The boy let out a gasp as Mitchs big, paw like hand gripped his shoulder. Mitch started to fuck the boy deep and hard with short, fast strokes. Jerry could see that with every stroke of the contractors massive cock the young mans face became more and more a picture of extreme pleasure. Jerrys hand gripped his cock harder through the fabric of his undershorts as he watched the action in his neighbors kitchen. He kneaded and rubbed his rock hard shaft while he watched the fuck scene before him. He watched the big brute fuck the younger man rough. The look on the big mans face was one that was a mix of pleasure and dominance. It was easy to tell that he didnt care anything about what the man who he was using was feeling, he was only interested in the fact that he was using him for his pleasure and nothing more. The pace of the fucking built up faster and faster. Soon he slammed his hips forward and held position. It was obvious that he was unloading his massive balls into the younger mans rectum. WARNING: This 8000+ word erotic short story contains more first time gay sex than you can handle.
