

IEC 60335-2-7 Ed. 6.2 b:2006, Household and similar electrical appliances - Safety - Part 2-7: Particular requirements for washing machines

Deals with the safety of electric washing machines for household and similar purposes, intended for washing clothes and textiles. The rate voltage is not more than 250 V for single-phase appliances and 480 v for other appliances. It includes washing machines for communal use in blocks of flats and in laundrettes.
