

Screwing Up Alexandria (Screwing Up Time Series Book 4)

Time traveling has never brought Mark Montgomery anything but grief. And then, things get worse. When Mark comes home from Babylon with a coded tablet, he never dreams someone would be willing to kill to get it. But they are. So Mark and Miranda kidnap an ancient cryptographer named Nin and take her to the Library of Alexandria to decipher it. The search for the truth of the tablet takes all of them to the most dangerous time on earth. And when Nin ends up on an altar surrounded by blood-thirsty crowds, only Mark can save her. But hes blind.
