

Living Proud! Finding Community (Living Proud! Growing Up Lgbtq)

Lesbian, gay, bisexual, and transgender (LGBT) young people in the 21st century can find unprecedented support in a proud, vibrant, and diverse community both online and off. The resources and ability to connect with LGBT people around the world are exciting and very new. This book explores the history of the LGBT community in America from its roots in the free-thinking seaport cities of the 1800s, through the social revolution of World War II, the early activists of the 1950s, the Pride movements of the 1970s, the AIDS crisis, and today's move toward integration with mainstream communities. It is a story of courage in the face of oppression, demanding civil rights, and LGBT people making meaningful and authentic lives for themselves while having fun too. LGBT people today are the heirs of the hopes and dreams and hard work of past generations. This is an inspiring story of an American minority group that is still fighting for full equality. Each title in this series contains a foreword from the founder of the Gay, Lesbian & Straight Education Network (GLSEN), color photos throughout, and back matter including: an index and further reading lists for books and internet resources. Key Icons appear throughout the books in this series in an effort to encourage library readers to build knowledge, gain awareness, explore possibilities and expand their viewpoints through our content rich non-fiction books.
