

Chantals Chemistry

Chemistry nerd and pre-medical student Chantal is working away, studying for boring old exams in a local cafe. The young biracial girl meets the man of her dreams, or so she thinks, a man just a bit older than her. What will this stranger think of her if she sleeps with him right away? Find out about Chantals lusty encounter and her struggle to break out of the nerdy girl mold! Warning this is an explicit story for mature audiences only!
