

Taken by the Monsters: The Complete Collection

Monsters really do exist! This is a work of fiction. Names, places, characters, and situations are the products of the authors imagination. Any resemblance to actual persons, living or dead is purely coincidental. All characters portrayed in this book are 18 years of age, or older. **WARNING:** Contains graphic and explicit sexual content and situations. This book is not intended, and should not be viewed by anyone below the age of 18. Amy gets more than she bargained for when she escapes a rain storm in an abandoned building. Taken by several monsters, her body used against her will, Amy succumbs to the pleasure these creatures deliver long into the night. After making her escape, Amy comes to think of her encounter as merely a dream, a nightmare that she wishes to repeat. Enlisting the aid of a friend, she is determined to scout out the building again, convinced it never really happened. When both girls are captured by the monsters Amy now knows are real, they are taken deep under the building into a series of caves with no hope of escape. Used as vessels to carry monster young, the monsters breed with them time and again with the hope of repopulating their species.

Will the girls remained trapped there forever, giving birth to litter after litter of monster pups, or will Amy find a way to escape once and for all. Find out now in this FOUR part collection of Taken by the Monsters. Only for readers 18 years or older. All characters portrayed in this story are 18+. Contains approximately 25,000 words on 96 pages of explicit sex with monsters, anal penetration, impregnation sex, and lesbian sex.
