

The Art Of Domination 4: Dominant Object

*** Damn Nolan for prying into me like that in my vulnerable moments, when my mind was as open to him as my body. I only ever realized that danger too late, when I found him on the wrong side of my defenses, always asking his probing questions. Always going deeper, figuratively and literally. *** Becoming Nolan Beals sexual submissive and photographic obsession is supposed to be Ivas twisted way of getting the bad boy photographer and the lure of his sensualist lifestyle out of her system. So she can get on with the safe, responsible, grown-up life shes trying to build. So she can prove to her family shes no longer the wild girl who tore their household apart with self-destructive behavior and scandal. Claiming Iva Moreau as his submissive is a challenge Nolan Beal cannot resist after recognizing in Iva a driving passion and artistic talent, after touching a part of her that is real in a way that so many of the people in his life are not. The art show theyve been working on is finally happening, and new admirers turn their attentions on the lovers, for good or ill. For Iva that means a choice between facing the fact that shes falling in love with Nolan and allowing a new admirer to help her with her commercial art career and that safe life that doesnt involve bad boys. For Nolan, the choice is down to maintaining the persona that protected him when everyone he loved abandoned him to the streets or letting his mask down so Iva can see the real man and his feelings for her before he loses her as well.
