

## A COURSE IN MATERIALIZATION Volume One

The editor of A Course In Materialization began studying the Teachings in 1977. He noticed that the original Teachings were far more powerful than the more modern teachings. The art of Materialization gave him millions of new choices and a life than can only be described as miraculous. He was able to retire at the young age of thirty eight. Volume one of A Course In Materialization has more than seven hundred pages of quotes from nineteen books by fourteen original teachers of the laws of abundance, prosperity, success, supply, opulence, attraction, power, compensation, love, affinity, harmony, imagination, ability, soul, mental control, manifestation, wholeness, increase, growth, liberty, individuality, spirit, reciprocity, the creative process, being, production, subjective mind, justice, unfolding substance, force, and related topics such as how to develop willpower, visualization, concentration, affirmations, and autosuggestion.

A Course In Materialization is a transmission from the Infinite Consciousness to you. The goal in publishing A Course In Materialization is to create some of the most positive and uplifting books ever written. Most of the modern living teachers of the manifestation teachings have left out hundreds of important safeguards. Morality, ethics, integrity, unselfishness, compassion and character building are examples of some of those safeguards. Most of the original teachers in A Course In Materialization spent decades perfecting their understanding and practice of the Materialization Teachings. The hundreds of safeguards in A Course In Materialization demonstrate the expertise of these original teachers. The fourteen original teachers quoted in volume one are:

1. Christian D. Larson
2. Henry Thomas Hamblin
3. Elizabeth Towne
4. Thomas R. Gaines
5. George Winslow Plummer
6. E. V. Ingraham
7. Ralph Waldo Trine
- 8.
