

Cincinnati Reds: 1950-1985

Imagine crouching 15 feet from home plate during a Cincinnati Reds baseball game with a camera at eye level. A major league player like Ted Kluszewski comes barreling towards the plate as you flash the bulb while the catcher makes the tag. That was one of Jack Klumpes experiences for over a quarter century (1950-1985) covering Reds baseball for the Cincinnati Post. Jack followed the Reds from spring training to the World Series, from Crosley Field to Riverfront Stadium. He witnessed-and captured-some of the greatest players and events in franchise history, and nearly every day of every summer of his career, Jack shared his view with the fans.
