

## Suicide Notes

Fifteen-year-old Jeff wakes up on New Years Day to find himself in the hospital. Make that the psychiatric ward. With the nutjobs. Never mind the bandages on his wrists, clearly this is all a huge mistake. Jeff is perfectly fine, perfectly normal not like the other kids in the hospital with him. They've got problems. But a funny thing happens as Jeff's forty-five-day sentence drags on: the crazies start to seem less crazy... .Compelling, witty, and refreshingly real, *Suicide Notes* is a darkly comic novel that examines that fuzzy line between normal and the rest of us.
