

Rodeo Secrets (Gay Cowboy Rodeo)

Charlie went to the rodeo every summer to meet cowboys looking for sex. Charlie catches John's eye this year, a dark and rough cowboy who just won the bull riding event. They slip under the bleachers at the event for a victory ride, and are caught in the act by a very interested voyeur. This 3,200+ word erotica short story describes rough and hot gay rodeo cowboy sex.

Excerpt: How cozy, John said as he chuckled, looking around at the framework of the bleachers. He ducked his head under a beam, as he walked towards Charlie. John let the rush of his win today take over, now that he was out of view of the crowd. He felt the adrenaline coursing through his body still. He stalked closer to Charlie, with a hungry predatory expression on his face. We have to be quick, people don't usually come down here, but they might, Charlie said. Charlie was leaning against a support post, watching John stalk towards him. He felt like an animal caged in a pen, being appraised like a prize piece of meat. And he loved it. He knew John could see the bulge in his jeans, and he pressed his hand against it, rubbing against his cock as John watched. As John reached Charlie, he grabbed him roughly and took his mouth in his, forcing his tongue into Charlie's hot mouth. The kiss was hard and unforgiving. When Charlie moaned, John bit his lower lip. Charlie pushed him back aggressively, and he saw the passion rise in John's eyes. Charlie looked down at his erection showing through his jeans, and then looked back up at John. He reached down and started unbuttoning his shirt. I want you to watch, Charlie said. They could hear the crowd cheering above them in the bleachers, and the thrill of the audience added to their own excitement. They knew they could be discovered at any moment, all someone had to do was look down under the bleacher seats and they'd be found out.
