Just dont send me back to Hell Island Chiara escaped nineteen years captivity and is now rebuilding her life from scratch. Everything would be fine if there were no men around for her to hate. Isaac goes overboard in trying to get the mysterious Chiara, a former sex slave, accepted into his community. Few are willing to look beyond her social bumbling to find her hidden worth. Just when things couldnt get worse, the FBI tracks Chiara down and coerces her into helping them catch a murder/trafficker. Isaacs wish to understand her unimaginable past comes true. He not only experiences her old world firsthand, he encounters the man who wants Chiara dead.
