

## Didi and the Gunslinger

Trash Heaven has been Didi Dukes home for as long as she can remember. The dumping ground of the galaxy provides her with everything she's ever needed or wanted. Except, maybe, the attention of her inventor father, always busy with his next creation. Good thing he's passed on his talents to his sixteen-year-old daughter. With the company of her best friend the cyborg crow, Pip, Didi is happy to scour her territory for treasures discarded as trash. But, when an evil Underlord kidnaps her father, Didi can no longer hide herself away in the garbage. Her plan to resurrect a retired cyborg gunslinger and rescue her dad leads her into danger and the heart of the rotting planet Trash City. She'll figure out the rest of her plan eventually.
