

## Photoshop 7: Photographers Guide (Miscellaneous)

Photoshop 7: Photographers Guide is aimed squarely at those who want to creatively use photography to produce compelling images and who want to master all the tools available to them. You don't need to be an ace photographer or a Photoshop expert to create these eye-catching effects. All you need is this straight-forward, all-meats book that shows you how to use Photoshop to enhance your images with the kinds of effects you admire. This book includes a CD-ROM with all of the example files and sample filters.
