

At the Hemingways, A Family Portrait (illustrated)

I wish particularly to thank Mr. Edward Weeks for inspiring this manuscript and for assisting me to organize the memories of our family's early days, and to thank my husband, Sterling S. Sanford, for his insistence that I keep at the writing over a period of years as well as for his research work and other help which enabled me to write this book. Another who has given me valuable assistance and interviews is my late mother, Grace Hall Hemingway, who wanted me to write a family story for my children and whose records have been used.
