

# Monetizing Facebook fan page: Building a relationship with your Facebook fans

A Facebook fan is a user who likes a particular page. If a user chooses to like a page, they are then able to get updates from that pages administrator through status updates, link posts, and event invitations. Fans display lists of pages they have liked on their profile, under the interests section of their information tab. In April 2010, Facebook changed the terminology from becoming a fan of a page to liking a page. Get to learn more inside.
