

## The Ogre Spawning Pits: The Paris Catacombs

After Carrie graduates as the high school valedictorian, her parents reward her with a three month trip to Paris. When she meets a mysterious, handsome man named Andre, she decides she's had enough of being a goody two-shoes. But when Andre leads her down into the dark Paris catacombs, Carrie realizes that she's been given to a pack of monstrous brutes who dwell in the tunnels. Soon the sweet, innocent young woman from America finds herself craving mythical monster manhoods! Caution: This 5,000 word story is for adults only due to explicit and graphic sexual content, including rough group sex between an innocent young woman and savage ogres. All characters are over eighteen.
