

## Scratching the Net: Web Sites for Cats

You may think your kitty just spends the day napping, but once you read this book you'll know the truth—cats rule cyberspace with their own wild and woolly web sites. Readers start at the search engine YaMew!, and from there are just a mouse click away from the more than 80 graphically designed sites in this book. Browsers can go to on-line shopping at the Sharper Claws Catalog site or download popular software like Catfight Simulator at the MicroFuzzy-n-Soft site.
