

Figure Skating Mystery Series (5 Books in 1)

For the 1st time ever and just in time for the 2014 Winter Olympics! Get all five, best-selling Alina Adams Figure Skating Mystery novels, originally published as paperback originals by Berkley Prime Crime, in one electronic volume with this exclusive, enhanced collection that includes... BOOK ONE) MURDER ON ICE At the World Figure Skating Championship, the Ladies Gold medal goes to Russias dour Xenia Trubin over Americas perky Erin Simpson thanks to the vote of one judge. Who then promptly turns up dead. Who killed Silvana Potenza? A skater? A coach? A fan? An official? A parent? Its up to Bex Levy, intrepid television researcher, to figure everything out before the end of the competition, or lose her job - and maybe even her life... BOOK TWO) ON THIN ICE Bex Levys search for a pair of athletes who mysteriously dropped out of the sport years earlier leads to a host of shocking secrets, a kidnapping and a murder! BOOK THREE) AXEL OF EVIL Bex Levy races to discover who killed an ice skating coach during a competition in Moscow. Igor Marchenko defected from the USSR to the States in 1977 and this is the first time hes been able to return home. But he soon turns up dead, poisoned by a pair of gloves. And once Bex does the rounds, she finds that plenty of people had plenty of reasons to bump him off. BOOK FOUR) DEATH DROP Bex Levy investigates the mystery behind an infant left in the arena at the Nationals, and why the babys mother, an ice dancer who mysteriously took off a year ago, is hanging dead from a sequined belt. But leery from events in the past, Bex is hesitant to follow the clues that will uncover personal secrets... and a killer wholl do anything to keep them from coming out. BOOK FIVE) SKATE CRIME When a world-famous coach is murdered on the eve of his televised

tribute, the suspects include the former partner he dumped as soon as something better came along, the much younger new wife that he turned into a clone of his old one, his resentful daughter who always had to battle Daddys students for his attention, the skater whose life he nearly destroyed, and the one he guided to Olympic Gold.

REVIEWS FOR ALINA ADAMS
FIGURE SKATING MYSTERY SERIES

Murder on Ice mirrors events from the (2002) Winter Olympics. Corrupt judging, cutthroat battles between the skaters, and the behind-the-scenes viewpoint all help to add depth to this unique mystery. - Roundtable Reviews Adams uses her extensive knowledge of the real-life world of competitive figure skating to create a very realistic background for this murder - and possible blackmail - mystery, complete with hints of dark humor. A likable, down-to-earth heroine makes this a must-read for cozy mystery fans with a fascination for figure skating. - Romantic Times Magazine The book nails a triple Axel... in its description of the beautiful but bizarre world of figure skating, where skating talent is only the beginning of the package necessary to make it big. Female skaters, especially, need a pretty face and a good story to hold the publics interest, and millions of dollars in ice shows and product endorsements can be at stake. Adams expertise is obvious, as is her exasperated affection for the sport. - TheMysteryReader.com Adams... has the wacky, incestuous world of skating down cold - from Russian coaches to skating moms to groupie fans to prepubescent stars. - Philip Hersh, Chicago Tribune If you are even a casual fan of figure skating, you will love this book. - The Romance Readers Connection Fans of figure skating will laugh out loud at the descriptions of the skaters, attitudes, costumes and stunts. Non-fans will revel in the finely crafted mystery. Bex Levy is a great protagonist who is prone to talking to herself, putting her foot in her mouth, and slashing at people with blades of sarcasm. Alone, the humor in ON THIN ICE makes it a good

book; combined with the interesting characters and suspense,
