

## My Very First Dare

A dare is a dare, Natalie. You have to do it... My dorm roommate, Julie, and I had just moved in and it wasn't long before we found ourselves stripped down to our panties in an effort to beat the summer heat. Bored and hot, Julie gets the idea to play an innocent game of truth or dare while we kill some time. I hesitantly agree. I had heard stories of bad things happening when people play and I'm scared the same will happen to me. What starts out as an innocent game, quickly escalates into something much more, when someone special stops by our room unannounced. It quickly becomes clear that I won't turn down a dare no matter how taboo it may be. But can I allow this older man to take my innocence, hard and without protection? Or will I even have a choice? I should have picked Truth. This 9000-word story features a mature man and an 18-year-old college girl.
