

The Complete Guide to the Triangle Offense

The Triangle Offense is known as the most comprehensive offensive system in basketball and this book is the most comprehensive resource put together on the offense. With over 200 upgraded diagrams on the offense that detail all of the nuances of the offense, you won't need to look any further for all of your Triangle needs. In *The Complete Guide to the Triangle Offense* you will find every action of the offense (2 Pass to the Post, 2 Pass to the Top, Backdoor Step, and Corner) and how and when to make the proper read, dozens of entries into the offense and how to get each player into their spots, as well as detailing special actions within the Triangle and the counters to go with each of them. You'll also find how to use the offense to attack zone defenses or utilize any of the 11 sideline out-of-bounds plays that can follow right into the Triangle. With 12 drills included that you'll be able to implement and build habits for your players, you will see how this book will help you fit the Triangle Offense to your personnel and your own coaching philosophy.
