

Full Bleed: New York City Skateboard Photography

Skateboarding in New York City is a singular experience. It is impossible not to feel the magnitude of the landscape, and with the city in constant motion, skateboarding is both exhilarating and extremely dangerous. There is no right or wrong way to navigate this vast terrain. Only one thing is certain the skaters and images produced in New York City are wholly unique. The shots in Full Bleed span 30 years, with contributions from over 40 photographers. This is the first-ever comprehensive overview of the one of the most diverse and rich skating locations in the world, bringing together legendary skaters and iconic photographers.
