

GAY MOMENTS: The Boys of Summer: An Evocative Gay Romance (GAY MOMENTS Series Book 4)

From Kevin Armstrong author of the Gay Sex Odyssey series comes the fourth book in his GAY MOMENTS series. The Boys of Summer is written with Kevins characteristic mischievous and subversive sense of humour and his insights into gay life. Whilst he is in his final year at Drummond College young Jay Robinson decides that he wants to be a writer. However he quickly discovers that he is more interested in writing about boys than girls. I found that it was very easy to write vivid descriptions of my male characters. Trouble was these details didnt stop at dirty blonde hair or ice-blue eyes. I increasingly described their abs, their six-packs, their navels and then down, down along the joy trail until, of course, I arrived at their cocks and balls. Jay becomes more than interested in the golden-toned body of his dorm room-mate Chanel, who originally came to Australia from the Solomon Islands. Although Chanel reckons hes straight he certainly isnt a shy boy and he often walks around the boys shared room naked. Were both boys he tells Jay. The budding writer discovers much to his joy that the golden-skinned boy is not averse to a bit of sexual experimentation and he feels that this will be invaluable research for his boy stories. As the year hurtles towards summer the boys relationship deepens. Jay is looking forward to summer because he will finally be independent and he will be able to start on the journey of the rest of his life. Chanel, however, is dreading the end of the school year because he will have to go and work in his fathers business. Will the advent of summer mean a final separation of the two boys? After Christmas Jay decides to journey to the legendary surfers town of Margaret River. In the Happy Surfies Haven where he is staying he meets a beautiful Viennese boy called Sebastian. The boy from Vienna has learned that somewhere on the coast there is a mystical Beach of Dreams where naked

boys surf and live an idyllic existence. Jay and Sebastian decide to go on a quest through an enchanted forest to see if they can discover and perhaps join The Boys of Summer. ABOUT THE AUTHOR: Kevin Armstrong has worked extensively in theatre, film and television in Asia and the Land Down Under. He also teaches writing skills in universities and international schools. When he is not travelling he loves to spend time in Malaysia or Myanmar with his Burmese boy. The Boys of Summer will be of interest to mature gay men, gay boys starting out, bi-guys and even straight men and women. Approximately 17,000 words. The short story contains scenes of gay sexual activity. It is not for the faint hearted.
