

## Getting Started With Sap R/3 (Prima Techs Sap Book Series)

This book introduces you to the intricate world of SAP R/3. By establishing a learning environment of ease and practicality, Getting Started with SAP R/3 effectively explains how to use SAP functions and, more important, when and why to use them. Through a direct, results-oriented approach, you will gain immediate understanding and confidence not provided by other how-to resources. With each lesson building upon the others, you are quickly able to use R/3 functionality in a meaningful and productive manner.
