

The Girlfriends Sister

Kevin and Darcy were taking their relationship to new limits as she explored, much to her surprise, a sexually submissive side, and he began to revel in dominating and punishing his beautiful, high-spirited girlfriend. Neither of them welcomed the intrusion of her younger sister Daria, a carbon copy of Darcy save for being more sexually adventurous. Much to Kevin's delight and Darcy's irritation, her younger sister develops a crush on him, and becomes aware of their dark experiment. Through teasing and flirting, she pushes the edges, until her older sister abruptly decides to yank her over to the other side. Now Kevin has two spirited and beautiful girls to punish and dominate, both of them jealous and vying for the status of favorite, both eager to punish and see the punishment of the other. Kevin decides to push little sister to the limit, believing he can have the best of all worlds - a beautiful, largely obedient girlfriend, and a totally submissive slave.
