- J\_BOSS I find this book very motivational as well as informative for guitar beginners.

- Spyke Eldron Great resource for the new player and also the expert as well. I'm just starting out learning how to play the guitar and this book gives you the basics in learning how to play. However, I'm still going to take lessons and use this book as a reference when practicing. Very easy to understand and very good to share with someone else and compare learning experiences together.
