

## Private Eyes

Exhibitionism and Voyeurism. The thrill of watching and being watched. Enjoy them both in this collection by Michelle Houston. The camera catches the inner soul to a person, catching the hidden emotions we are too afraid to let others see. Daria is one of those people, and just for a brief moment, she lets Lynsay see her how she really is in *The Window of the Soul*. Tempted is the best way to describe Elaines reaction to leather; especially when it was hugging the tight curves of a woman. She prowled the clubs, secretly thrilling in the view. What she hadn't expected was to run into one of her former students - a former student with an interesting ultimatum. Stacies lover Amy has arranged things so that she can indulge her exhibitionist streak in a safe environment - from behind the safety of peepshow booth windows. She gets to be center stage, putting on a show with her lover, without the risk of getting caught. Its an exhibitionists dream, being watched by every Peeping Tom, Dick and Harriett.
