

Sweetie Heres the Best Reason on the Planet to Say No to Your Boyfriend : Even If Youve Already Said Yes

Have you ever felt pressured to engage in activities in which you were not always comfortable or completely willing? Is the maze of misinformation swirling through the schools enough to make even the most straight-laced young lady feel that sexual activity is okay? If so, you are not alone. In *Sweetie, Here's the Best Reason on the Planet to Say No to Your Boyfriend: Even if You've Already Said Yes*, author Debra J. Palardy presents a collection of lines used by hormone-driven teenage boys to get their girlfriends to engage in sex is a necessary roadmap for teenage girls. She follows through and provides useful comeback and advice for girls, considering their boyfriends pleas. the author provides the objective wisdom sought by teenagers too embarrassed, timid, or afraid to consult those closet to them. Her guide points out the pitfalls of becoming sexually active, including pregnancy, sexually transmitted disease, and loss of self-esteem. Readers are provided with an objective unvarnished look at the adult problems caused by yielding to the pressure to have sex at too young of an age. Debra J. Palardys uncanny word-for-word recitation of the most common persuasive speeches given by young men lends authenticity to her arguments and will amuse those who have heard or delivered the very same lines. She urges teenage girls to seek guidance from women who have had the time to develop an adult perspective and look back on their own experiences. Teenage girls will find the reading enjoyable.
