

Hereafter: A Shadowlands Novel

Rory Miller thought her life was over when a serial killer set his sights on her and forced her into witness protection. But a fresh start on Juniper Landing Island was exactly what she and her family needed. For the first time in years she and her sister hang out at the beach, gossip about boys, and party together. Shes also made friends with a local clique including a magnetic and mysterious boy named Tristan. But Rorys world is about to change again. Picturesque Juniper Landing isnt what it seems. The truth about the swirling fog that rolls in each morning, the bridge that leads to nowhere, and those beautiful locals who seem to watch Rorys every move is more terrifying than being hunted by Steven Nell. And all Rory ever wanted was the truth. Even if it means learning that she can never go home again. From the best-selling author of the Private and Privilege series comes the second novel in a heart-stopping trilogy about a girl who must pick up the pieces after the only life shes ever known ends.
