

Hot Pink Rubber Bands (Staying Connected Book 2)

Can we change the outcome of a loved ones terminal illness or cancer? The facts are clear: Sometimes something happens that changes a deadly prognosis into a triumphant outcome that stumps doctors, researchers, and even defies medical statistics. Against all odds, Sherri Gilmours 14-year-old son Hunter was the beneficiary of such an outcome. She shows us with complete certainty that such diagnoses, such death threats, can absolutely be proven wrong. Hunters alive, happy and healthy, and in Hot Pink Rubber Bands Sherri Gilmour shares the tools that will prove helpful and life changing for the millions of people every year who are diagnosed with medical illnesses. By weaving God-inspired truths through her story, and sharing the physical, emotional, and spiritual steps she took on her enchanted journey she reveals what became for her an unshakable truth: she was never alone in her time of need--and neither are you. Hot Pink Rubber Bands is Chicken Soup for the Soul for a new generation, delivering its own special brand of spiritual nourishment.
