

The Life Beyond Death: The Journey Of Transformation From ?Death? To The Astral Planes To Rebirth And Beyond

This is one of the greatest books on the subject ever written. The clarity of the ideas, and the fact that they are so believable and make so much sense, make the reader question, Who really was this William Walker Atkinson? Through over 10 aliases he wrote over 100 books, all so deep and so incredibly full of the wisdom of the ages, that it really rises many eyebrows as to his real mission in this life. The book gives us one of the most detailed and appealing descriptions of what could happen after we die to this physical life, and the transformations that follow that moment that we fear so much (and we really shouldnt!). A book of enlightenment, reflection and peace.
