

Girl Rising

For fans of inspirational nonfiction such as *I Am Malala* and Chelsea Clinton's *It's Your World: Get Informed, Get Inspired & Get Going!*, here is a full-color book inspired by the powerful documentary film *Girl Rising* about educating girls across the globe. Worldwide, over 62 million girls are not in school. But one girl with courage is a revolution. *Girl Rising*, a global campaign for girls' education, created a film that chronicled the stories of nine girls in the developing world, allowing viewers the opportunity to witness how education can break the cycle of poverty. Now, award-winning author Tanya Lee Stone deftly uses new research to illuminate the dramatic facts behind the film, focusing both on the girls captured on camera and many others. She examines barriers to education in depth: child marriage and childbearing, slavery, sexual trafficking, gender discrimination, and poverty, and shows how removing these barriers means not only a better life for girls, but safer, healthier, and more prosperous communities. With full-color photos from the film, infographics, and a compelling narrative, *Girl Rising* will inspire readers of all ages to join together in a growing movement to help change the world. Praise for the film: The documentary every mother, sister, daughter, should see, as well as the men who love and support them. Entertainment Weekly Delivers ... tangible hope that the world can be healed in a better future. Meryl Streep *Girl Rising* stands as a testament to the power of information. The Los Angeles Times
